### **Review Appointment Confirmation**

This letter serves as a confirmation of your review appointment. Please use it in lieu of the traditional plan review application form when submitting your plans. To do so, **complete all missing information, correct any inaccurate pre-printed information with red ink**, and submit with your plans and appropriate fees.

Plan reviews may only be invoiced to the designer as an individual. Designer shall sign the block on the first page to authorize invoicing.

If the plan you submit is not the same as indicated on the following pages, you will be at risk of having your plan appointment rejected and will have to reschedule using the correct information. Plans must be in our office ten business days prior to your review appointment. If you cancel at least ten business days prior to your appointment, that time can be utilized by another customer. A \$60 Missed Appointment fee may be charged for plans received late without proper cancelation notice.

#### *If You Need To Contact Us To Cancel, Reschedule, Or Correct Information:*

Please let us know via email to [DspsSbPlanSchedule@wi.gov](mailto:DspsSbPlanSchedule@wi.gov) as soon as possible

#### *If You Are Requesting A Permission To Start:*

Provide the owner's signature at the end of this form.

#### *To Monitor The Continued Status Of Your Plan:*

Plans status can be readily checked on our Internet site at <http://www.dsps.wi.gov/Plan-Review/Plan-Status>. You will need your designer Industry Services customer ID # to retrieve the plan information.

#### *Design Aides:*

Our agency offers a number of worksheets and checklists for the Commercial Building Code at <http://dsps.wi.gov/Plan-Review> that may assist you in preparing your submittal.

\*If no previous related transaction number is provided, plan review will normally be based on the current code, except for revisions. If a previous related transaction number is entered and the parent building approval transaction has not expired, you may elect below to use the code in effect at the time of that approval for follow-up revision, HVAC and fire protection submittals related to that building. Note that this follow-up submittal's approval would then expire no later than the parent building approval.

**SPS 303.03** - Permits any person affected by a rule of the department to petition for a variance from the rule. The petition needs to establish equivalency to the rule, be provided on the form from the department and be submitted with accompanying fee and fire department position statement and municipal recommendation if required.

☐ Please review under the code in effect at the time of the parent building approval.

**Fire Protection Information**

Provide the following information on any fire alarm or fire suppression system. If not part of this submittal, fire plans will be scheduled to the office with the first available review date and not necessarily to the office that reviewed the building plans, unless requested. The Hayward and Onalaska offices do not review fire protection plans; for building plans reviewed there, submit the fire alarm/suppression plans to Green Bay, Waukesha or Madison. Submit plans for multi-purpose piping (MPP) systems as part of your plumbing plan submittal using the plumbing plan application, SBD-6154.

**Statements of Owners and Designer:**

**Owner's Statement:** The owner indicated on page 1 requests that plans be reviewed for compliance with the code requirements set forth in Chapters SPS 361 to 365 of the department. The owner recognizes responsibility for compliance with all the code requirements and any conditions of approval. If a building is 50,000 cubic feet in total volume or greater, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer or architect (SPS 361-365). Signatures and seals affixed to the plans shall be original.

**Designer's Statement:** (SPS 361) The designer indicated on page 1 of this form is responsible for preparing or supervising the preparation of the plans to the best of his/her knowledge to comply with the applicable codes of the Division of Industry Services for this submittal. If a building, following construction of this project, contains more than 50,000 cubic feet in volume, plans are required to be prepared, signed, sealed and dated by a Wisconsin registered engineer, architect, or designer (SPS 361). Signatures and seals affixed to the plans shall be original.

**Required Signatures:**

**Supervising Professionals:** If building will be 50,000 cu ft or greater (SPS 361) I have been retained by the owner as the supervising professional per SPS 361 for the performance of the supervision of reasonable on-the-site observations to determine if the construction is in substantial compliance with the approved plans and specifications. Upon completion of construction, I will file a written statement with the Department and municipality certifying that, to the best of my knowledge and belief, construction has or has not been performed in substantial compliance with the approved plans and specifications. In the event that I am no longer associated with this project I will file a compliance statement (SBD-9720) notifying the Department as such and indicating the current status of compliance.

**Optional Service - Permission To Start Requested:** ( ) As the owner, I request to begin footing and foundation work PRIOR to plan review approval. I agree to make any changes required after plans have been reviewed, and to remove or replace any non-code complying construction. I understand that erosion control plans shall be prepared and a Notice of Intent form, SBD-10376 shall be filed prior to earth-moving activities that involve more than one acre in area. The owner shall not permit construction above the foundation until approved plans are at the site.

(Additional \$75.00 fee per building) Request is for the following buildings:
