#### **JOINT TYPES:**

 CONTRACTION OR  
CONSTRUCTION JOINT

 ISOLATION JOINT

A 10x10 grid diagram with red and blue lines. The grid is bounded by a thick red line on the left and top, and a thick blue line on the right and bottom. Red lines also divide the grid into vertical columns and horizontal rows. A series of numbered circles (1 through 10) are placed at specific intersections: circle 1 is at (1, 1), circle 2 is at (2, 1), circle 3 is at (3, 1), circle 4 is at (4, 1), circle 5 is at (5, 1), circle 6 is at (6, 1), circle 7 is at (7, 1), circle 8 is at (8, 1), circle 9 is at (9, 1), and circle 10 is at (10, 1). A black line starts from the top-right corner (10, 10) and extends downwards and to the left, passing through several grid intersections. The grid has a light green background.
